Dear Students, Parents and Carers

My Heritage - a Celebration, Tuesday 30 April, 7pm – 9pm

We are delighted to inform you that this year we have celebrated RGS Heritage Week from 15 – 19 April. There have been assemblies, House competitions, talks and workshops running during the week to explore what heritage means and how, by participating in such a week, students can develop a greater appreciation of their own heritage and the heritage of others.

Heritage week will culminate in an evening of celebration on Tuesday 30 April, and we would like to invite you to this evening. The evening will showcase presentations, songs and recitals from Western and Eastern heritage as well as speeches by students on heritage and what it means to them. There will also be a Caribbean Steel Band, Dhol drumming and Bhangra dancing to add a vibrant splash of music to this multi-cultural celebration.

There is no charge for the event, but we would be grateful if you could book seats for family and friends via [Little Box Office](#). There will be an interval for refreshments at which the RGS Parents' Association, who are kindly supporting this event, will be delighted to accept donations for their fundraising.

I am sure you will agree that such celebrations will develop a greater sense of belonging and appreciation in our students and community.

Yours sincerely,

Shradha Tan
Associate Assistant Head
