Dear Parent / Carer

Silver and Gold Duke of Edinburgh's Awards Years 10-13, 2024-2025

Learning outside the classroom serves as a foundation for the development of character. It provides an educational environment for students that allows them to have the opportunity to express individual talent and explore new approaches to challenges. Education in its broadest sense is not just about delivering a curriculum. It is about giving students at RGS the chance to learn about themselves and more importantly enjoy their own adventures.

Any student at RGS is able to enrol at any level of DofE regardless of any previous awards completed subject to additional time requirements.

The following should give you a great insight to why it is such a memorable and fun programme:

DofE Information Sessions

A virtual session run directly by DofE for parents, designed to help you understand how best to support a young person through their DofE Award. For further information, please see [here](#).

The Duke of Edinburgh's Award

DofE is the world's leading achievement award for young people, and is highly regarded by universities, colleges and employers. It encourages young people to develop independence, commitment, leadership and teamwork through being involved in a personalised programme of activities.

It will inspire students to make a difference to the local community, learn new skills, become fitter through sport and expeditions and increase his confidence. The School fully supports the Award, recognizing its unique value for developing skills and attributes in RGS.

Completing the Award

The Award is achieved by completing a personal programme of activities in four sections. These sections are:

- **Volunteering** - helping someone, your community or the environment
- **Physical** - becoming fitter through sport, dance or fitness activities
- **Skills** - developing existing talents or trying something new
- **Expedition** – planning/training/completing an adventurous journey (this section is organised by the School)
- **Residential (GOLD ONLY)** – for those undertaking their GOLD award this is an additional section outside Volunteering, Skills, Physical and Expedition. We advise that you check with the School before booking your Residential section to ensure it meets the DofE criteria. A 'residential' for Gold DofE means a programme that spends 5 days and 4 nights away from home on a shared activity with people that you have never met before. Your residential can have any focus or include any activities that you wish; a guide can be found [here](#).

You can find information here on how long it takes to complete the programme and the amount of time that needs to be given to any one specific section (**DofE Timescales**). On average it is a minimum of **6 months** to complete Silver and **12 months** for Gold (18 months if you sign up without completing Silver first). Your son must be 15 years old or in Year 10 to sign up for Silver and must be 16 years old to be eligible for Gold.

NB. The length of time taken for all the Awards is stated in months. Please note a student must show **regular** activity and commitment during this time of **at least an hour a week**. He cannot achieve an Award in a short burst of enthusiasm over one weekend! Finally, all DofE activities **must** be completed by his 25th birthday.
