

15/11/2024

Dear Parent/Carer,

**AQA Maths GCSE Revision Resources**

Your son is currently studying the AQA GCSE Mathematics course for which we have been offered some revision resources at a discounted price. These should be an invaluable resource for students, and we would like to offer you the chance to purchase them for your son.

These CGP resources are:

- **New GCSE Maths AQA Practice Papers: Higher - for the Grade 9-1 Course**
- **New GCSE Maths AQA Complete Revision and Practice Guide: Higher – for the Grade 9-1 Course (with Online Edition)**
- **New GCSE Maths AQA Grade 8-9 Targeted Exam Practice Workbook (includes Answers)**

The price of this pack is **£17.50**, which is just over half the normal retail price, and the pack can be purchased via Parentpay using the account “**Year 11 AQA Maths GCSE CGP Revision Pack**”.

We are also able to offer the **Corbett Maths Flash Cards** which are a comprehensive resource of 90 detailed Revision Cards for GCSE Higher Tier. They are designed for the new AQA GCSE and each card has its own QR code for its own video - there are over 10 hours in total. Each card also has its own QR code to access a set of GCSE exam questions and solutions.

We have received great feedback from students who have used the cards previously, and they come highly recommended. They are available at the discounted price of **£8.50** and can be purchased via Parentpay using the account “**Year 11 Maths GCSE Corbett Maths Flash Cards**”.

**We highly recommend that you purchase these for him to use as revision prior to both the January mocks and the external summer exams.**

If you would like to purchase CGP resources and/or the Flash Cards, please note that the deadline for payment is **Friday 29th November**.

We have already ordered the pack for your son if he is eligible for Pupil Premium so you do not need to do anything further. He will receive the books with the other boys when the order comes through.

Please do not hesitate to contact me if you have any questions or queries.

Yours sincerely,

Sarah Kingsley
