

Celebrating neurodiversity

**COME AND JOIN US FOR A TALK FROM MARC CRAWLEY OF DIVERSITA
ON HOW WE CAN HELP OUR YOUNG NEURODIVERSE PEOPLE REALISE
THEIR FULL POTENTIAL**

As proud father of a bright 15 year old son who is neurodiverse, and cofounder (along with his wife and son) of a recruitment agency specialising in the placement of neurodiverse candidates, Marc is uniquely positioned to offer insights and advise on how to nurture this pool of talent.

Come and hear Marc talk about:

- His own experiences as a parent of a neurodiverse son and what he wishes he had known earlier on
- The unique skillsets that neurodiverse people possess and how they can be better understood and harnessed
- Techniques that parents and teachers of neurodiverse children can use to support their children by helping to nurture their unique talents, even at this early stage of their lives.
